

Comments from Pierre and Maureen Arnold

Hi Bob, I like what I see so far, especially the home-page with its quick-to-get-to current events and weather. [Thanks....RAM](#)

There needs to be a place for the current Everglades Club Rules and Regulations;

STATUS: [Everglades By-Laws and House Rules are \(will be\) housed on the "Archives" page..](#)

RAM 4/3/16

and also Everglades Club Activities

STATUS: [Right now they are expected to be entered in the events "CALENDAR" page. This may be a high maintenance issue however and the WebMaster would require volunteer help.](#)

In the absence of a VGA website, E Club activities should probably include the VGA activities when captained by Evergladers, eg VGA Choir, VGA breakfast.

STATUS: [I have the 2016-2017 schedule for VGA events now. Planning to include the events \(all of them\) in our "CALENDAR". Host names will be in the event description.](#) RAM 4/3/16

I've always liked single-point referencing; this might be hard to achieve in places, for example repeating events in VGA Newsletter.

STATUS: [Explain a little more for me, please.](#) RAM 4/3/16

There may be other worthwhile objects to pursue. Maureen and I have been to many a concert, and some folks have said "I wish I knew about that". However, we search out the Concerts, and the same notification of concerts and plays are available to everyone. Maybe all that's needed here is a message, " Do pick up the free Naples Florida Weekly to get the "Arts & Entertainment" section" on Thursdays at the paper-boxes at the Dock or Broad Avenue near 3rd Street"

STATUS: [Considering some sort of "ENTERTAINMENT" page, possibly just containing links to the event publications. If this page is included, I would need a volunteer to help maintain the page.](#) RAM 4/3/16

Hope this helps

Pierre

[Thanks Pierre. Great suggestions and comments. Really helpful.](#) Bob
